

Supporting Students' Health

School-Based Health Centers

Nurse Practitioners located at Glenridge Middle and Winter Park High School conduct physicals, diagnose illnesses, and prescribe medications for any children who attend school or daycare in Winter Park, Maitland, or Eatonville, as well as their siblings up to 18 years old.

School Nursing Initiative

Licensed Nurses in schools treat illnesses and handle emergencies. WPHF funding helps schools upgrade from a School Health Aide to a Licensed Practical Nurse (LPN) or Registered Nurse (RN).

CHILL Counseling Program

School-based Counselors help students in grades 6 - 12 with issues such as anxiety, divorce, grief, low self-esteem, anger management, and depression through individual, group, and family counseling.
